## **ALL MEMBERS**

### **OPS0265 SMALL FIRES UNIT**

Dear Brother/Sister,

You may be aware that the Service has recently circulated email communication stating that the current SOP OPS0265 Small Fires Unit has been amended to include the use of blue lights and audible warning horns for the use en route to emergency incidents.

At the joint secretaries meeting yesterdays date, it was agreed by the joint secretariat that the SOP will be rescinded with immediate effect and that the locally and nationally agreed consultation and negotiation procedures will be used for issues such as this.

Yours in unity

L Skarratts  
Brigade Secretary
