FBU Brigade Committee Contacts

Dear Brother/Sister,

In order to make sure that all FBU members in Merseyside have the opportunity to have and receive the latest information on the dispute and also to ensure that all reports from the **branches/sections/departments/picket lines** and incidents are reported to the Brigade Committee and Brigade Officials. The Strike Committee have now allocated all FBU branches and sections, **officials**, who any striking FBU member can contact at any time.

FBU members are reminded that they can still contact each other and other picket lines and officials but the strike committee **is attempting to balance the workload** and also make as much **information available** as soon as possible through these officials volunteering their time and dedication.

I trust that all our members **will appreciate** this voluntary gesture and thank those officials for it.

These officials are also available for all our striking members to pass on information to be fed back in to the Brigade Committee, National FBU or passed on to the relevant authorities.

Can I once again ask for this information to be circulated to all striking FBU members in Merseyside by our officials and members.

Yours in Unity

Mark Dunne
Brigade Chair
