ALL MEMBERS

Communication Workers Union

Dear Brother/Sister,

The CWU are holding a march through Liverpool City Centre on Saturday, July 21st starting at Myrtle Street at 12.30pm.

Our comrades in the CWU have already taken part in two days of national strike action to defend jobs and conditions of service from “modernisation” and “efficiency savings”, FBU members in Merseyside will remember very well what those phrases mean in reality.

*The Merseyside CWU Branches and members have **always** given FBU members moral, physical and financial support, FBU members will remember during the 2006 dispute, a CWU member in Exeter being suspended for collecting money to give to our Hardship fund whilst on his dinner break, Brother Stuart Duncan, we are happy to say is back working and is taking part in his own trade unions national strike action.*

This is our opportunity to show solidarity with our CWU comrades and to return the loyalty and support freely given to FBU members over many years. Please make every effort to spare an hour out of your day, bring family and friends along and let the public and our CWU brothers and sisters know that we support them in their defence of jobs and conditions at work.

All Merseyside FBU officials and reps please ensure that this information is circulated to all our members.

Yours in Unity

Mark Dunne
Brigade Chair
